

BROTHER OF PRESIDENT GAVE MOST

Contributed \$55,000 Out of \$591,032 Received For Republican Presidential Fund

T. F. COLE DOWN FOR \$5,000

Numerous Contributions of \$10,000, \$5,000 and \$1,000 From Individuals Reported

STATEMENT IS FILED TODAY

Washington, Oct. 26.—Contributions totaling \$591,032, and expenditures of \$55,321 from the Republican fund were disclosed in the financial statement of the Republican national committee filed today with the clerk of the House of Representatives.

Charles P. Taft, brother of the president, was the largest contributor, \$56,000. Francis L. Leland of New York, gave fifty thousand. The third largest contributor was Andrew Carnegie, \$35,000.

The J. P. Morgan Co. is credited with \$25,000; George F. Baker, New York, \$10,000; William Nelson Cromwell, \$10,000; Harry M. Moore, Chicago, \$10,000.

Among persons in the diplomatic corps, Lars Anderson, minister to Belgium gave \$10,000; Huntington Wilson, assistant secretary of state, \$5,000; Thomas J. O'Brien, ambassador to Italy, \$1,000; Secretary Meyer, \$2,500; MacVough, \$2,000; Wickersham and Hitchcock, \$1,000 each.

Henry W. Taft, another brother, \$1,000; Union League club of Philadelphia, \$1,000; T. F. Cole, Detroit, \$5,000; Charles P. Warren, Detroit, \$5,000; Fred M. Alger, Detroit, \$1,000; Charles G. Dawes, Chicago, \$3,000; George Merrill, Chicago, \$2,000; W. K. Bixby, St. Louis, \$1,000.

The Republican campaign statement's largest aggregate expenditure was \$70,000 for advertising to the American Association of foreign newspapers. Twenty thousand was sent to the Maine Republican state committee.

Beveridge Testifies.
Washington, D. C., Oct. 26.—Beveridge, before the Clapp committee, today corroborated other testimony that in the 1904 campaign for the Senate he received \$30,000 from Perkins, \$25,000 from McLean and \$2,500 from Pinchott. All of it was returned day after election. Perkins had testified he returned.

"Did Perkins give you any money to finance the Indianapolis Star?" asked Pomerene.

"Sir!" exclaimed Beveridge, leaning forward in surprise.

"My information is," said Pomerene, "Perkins supplied, through you, \$250,000 to finance the Star."

Beveridge said he never heard of any transaction of that kind.

WILSON WILL GO TO BED 9 O'CLOCK ELECTION NIGHT

Princeton, N. J., Oct. 26.—Gov. Wilson, watching workmen install telegraph instruments in his home today, by courtesy of a telegraph company, told correspondents he would rather go to bed at 9 o'clock election night, take a long sleep and find out the next morning whether or not he was elected president of the United States than to sit up and watch the returns. He said:

"Early returns are usually fragmentary and fatiguing."

"The correspondents looked surprised at this remark."

"I mean it seriously," added the governor. "I'm not jesting."

Even though the governor may go to bed early, his wife and three daughters will sit up and watch the returns. The governor, however, may not get much rest as the Princeton students have a noisy program for election night.

BASKET BALL TONIGHT.

An interesting basketball game is scheduled for this evening in the Calumet Y. M. C. A. between teams representing the Calumet and Hancock offices of the Wells-Fargo and Western Express companies. The lineups:

Calumet.	Hancock.
Horngren and Johnson.	Wivel and Paul.
McMillan.	Carigan.
Knowles and Botvidson.	Mohrman and Stinn.

WICKERSHAM ALSO TAKES HAND IN THE JACK JOHNSON CASE.

Chicago, Oct. 26.—Local and federal authorities say they have received a message from Attorney General Wickersham, ordering them to make an exhaustive investigation of the Johnson-Lucille Cameron case involving possible violations of the Mann act. Local Agent Meyer today departed for St. Joseph, Mo., to interview several persons believed to have information in the case. This gives the case interstate action.

DANES INTEND TO BE NEUTRAL

Would Play Safe in Event of German-English War

Copenhagen, Oct. 26.—Denmark's neutrality in a possible war between Great Britain and Germany is being constantly discussed just now. There is no doubt that Denmark would be placed in a serious predicament, for at least one of the combatants would want to use the waters of the Baltic or other Danish waters. The German fleet has maneuvered in these waters frequently, and it is believed that the visit of the English and Russian fleets to Copenhagen lately was in answer to the German activities.

In this connection there have been rumors of an alliance between Denmark, England and Russia whereby Denmark will be expected in case of war to facilitate the movements of the English and Russian war vessels through her waters.

Another version states that Denmark has entered into a secret treaty with Germany whereby in case of war with England and Russia, German troops can be landed at convenient points in Denmark.

Both rumors are declared to be pure fiction. The present government, as proof of their desire to maintain a strictly neutral attitude, requested the English and Russian fleets to time their visits so that they would not be in Danish waters together. Officially the reason given for this request was that there was not room enough in the Copenhagen harbor for both fleets.

If it was only a question of sentiment there would be no doubt as to which side the Danes would favor, for during the past ten years English influence has grown steadily in Denmark, whereas the Danes continue to Prussianize the people of the former Danish Slav. But Denmark realizes that her future lies only in strict neutrality and she is determined to maintain it.

CONFESSES TO AWFUL CRIME

Minister to Be Executed For Mistreating Little Girls

Greenville, S. C., Oct. 26.—Rev. Thurston Vaughn, former superintendent of the South Carolina Odd Fellows' home, on trial here, charged with criminally assaulting three little girls, inmates of the home, last May, today confessed he mistreated two others in addition to those mentioned in the indictment.

The jury returned a verdict of guilty without making any recommendations. This means Vaughn will be sentenced to death.

Vaughn's confession brought the trial to a sensational close.

"I acted devilishly, shamefully," Vaughn began. "The devil tempted me and I have fallen." He exclaimed in a plea to the jury, while the judge and spectators wept.

The jury was out four minutes. The penalty is the electric chair.

Vaughn begged the jury to spare his life for the sake of his wife and little daughter. He owns considerable property.

HEAVY REGISTRATION.

Boards in Different Precincts Are Kept Busy Today.

The voters of Calumet are more than passively interested in the political campaign now being waged. This is proved conclusively by the heavy registration in Calumet township today. The registration boards in each of the thirteen precincts of the township have been kept busy today and several hundred new names have been placed upon the books. There has been no general re-registration, only the names of new voters and those who have transferred from one precinct to another having been recorded.

FAVORITE CLUB PARTY.

The Calumet Favorite club will entertain at a Halloween dancing party in the Calumet Light Guard armory one week from Monday evening. A splendid program has been arranged by the C. & H. orchestra and a number of Halloween novelty effects will be introduced.

LOOKOUT SHIP FOR ICEBERGS

May Be Established in Track of Liners as Result of Titanic Disaster

IC Disaster

WOULD WARN BIG STEAMSHIPS

Plan Is Being Considered by British Board of Trade

London, Oct. 26.—A permanent iceberg lookout ship in mid-Atlantic is suggested by the British Board of Trade as a sequel to the report of Lord Mersey on the Titanic disaster. At present the plan is being considered by the advisory committee of the Board of Trade. If the proposals are carried out, the vessel will be stationed in the track of Atlantic travel and she will cruise along the boundaries of the ice region. She will then be in a position to warn the herring liners by her powerful wireless equipment of the exact position of the various ice fields. The proposed ship will also send warning of drifting icebergs and any derelicts which she may encounter.

According to reports made to the advisory committee, the most suitable iceberg ship would be about 2,000 tons displacement; 250 feet long and 72 feet broad, with a draft of 12 feet 6 inches. She would have a speed of 10 knots and consume about 12 tons of coal every 24 hours. Her wireless telegraph equipment would be of the most powerful type and widest range.

The Board of Trade officials express the belief that the stationing of such a ship in mid-ocean would add immeasurably to the safety of ocean traveling.

American Horses Win.

American-bred race horses have won more events this year than ever before on the English turf. Among them the offspring of James R. Keane's once famous sprinter Viceroy figure the most frequently two of his sons, Election and Selectman, having upset theorists on breeding by winning long distance races.

Golden Rod and Coney Island two English-bred grandsons of J. R. Hazen's Emperor of Norfolk, also proved themselves good winners this season.

August Belmont's Fracree has won \$48,000 and H. B. Duryea's Sweeper II \$20,000 during the year. Duryea has also won as much more in France with Shannon, an American-bred colt sired by the brilliant race horse Irish Lad out of Coney by Ethelbert.

The greatest winner of the season is not American-bred, but this horse, Prince Palatine has been ridden in all of his stake races by the American jockey, Frank O'Neill, who comes from Paris each time the horse races.

Danny Maher, who has again taken his old place as head of the list of winning jockeys, has signed a renewal of his contract for first call on his services with Lord Rosebery. Maher has refused offers of second and third call on his services, and when he is not required to ride for Lord Rosebery he will be a free lance.

DEDICATION OF COSTLY CATHEDRAL AT DENVER

Denver, Colo., Oct. 26.—Headed by his eminence Cardinal Farley of New York, dignitaries of the Roman Catholic Church from all parts of the United States are here to attend the dedication tomorrow of the Cathedral of the Immaculate Conception, said to be the most magnificent church edifice west of the Mississippi. The ceremonies, which are to begin tomorrow morning with the celebration of mass by Archbishop Pitaval of Santa Fe, are to cover two days.

Archbishop Glennon of St. Louis will preach the dedication sermon and among the other members of the hierarchy who will assist in the ceremonies are Bishop Lillis of Kansas City, Bishop Schuller of Omaha, Bishop Tihen of Lincoln, Bishop McGovern of Cheyenne and Bishop Hennessey of Wichita. The ceremonies of the second day of the celebration will be combined with an observance of the silver jubilee of the consecration of Bishop Matz, the head of the Denver diocese.

The new Cathedral of the Immaculate Conception represents more than seven years' work of artisans, skilled craftsmen and laborers. The structure cost more than \$200,000, exclusive of furnishings, and was built entirely by voluntary contributions. The ground on which it stands was donated by four of Denver's leading citizens.

The cathedral is a fireproof structure of steel and granite. It is 195 feet long, 62 feet wide at the nave, 110 feet in the transept and 90 feet in the sanctuary. The church is surmounted by two magnificent towers having a height of 200 feet each.

There are 3,000,000 abnormal persons in the United States, whose care annually costs \$200,000,000.

BITTER DISAPPOINTMENTS

CROWDS GREET G. O. P. SPEAKERS

Campaign in State Will Finish in Whirlwind Style

Detroit, Oct. 25.—The last day of the special train run through the Tenth Congressional district by the state central committee was a complete success. At Waters, Gaylord, Grayling and West Branch schools were dismissed, factories closed and business generally suspended to hear the Republican doctrine expounded by Amos S. Musselman, Congressman from the district, and Capt. George W. McBride and others.

Judging from the enthusiasm and attendance at every stop during the three days' tour the leaders are confident this section will return a good majority for the entire Republican ticket.

Grant Fellows, who is speaking at Northville tonight with Congressman Wedemeyer, has just completed a week's trip through the upper peninsula and reports third party sentiment on the wane.

Mr. Kelley opened his upper peninsula campaign at the Soo last night with a fine crowd. Senator Townsend follows him next week, together with a quartette of lower Michigan speakers, the combined itineraries covering every section of the territory north of the straits.

Mr. Musselman will come into Detroit for a noon meeting every day next week, and with Senator Smith, will close their campaign here Saturday night, and at Grand Rapids Monday night.

ROOSEVELT SUES NEWETT.

Colonel Brings Action For \$10,000 Against Lshpeming Editor.

Marquette, Mich., Oct. 25.—Suit for \$10,000 for libel was filed yesterday by a Detroit attorney, acting for Theodore Roosevelt, against George A. Newett, editor of the Iron Ore of Ishpeming. The bill alleges libel in that Newett printed an article in his paper charging that Colonel Roosevelt was intemperate in the use of language and liquor. A New York dispatch states that the charges over which the Michigan suit was filed constituted the culmination of an "insidious campaign of slander" against Colonel Roosevelt by the declaration of the Progressive national committee in a statement issued last night.

"Knowing the cruel falsity of this charge," the statement says, "those who have been interested in circulating it have proceeded under cover and in the dark. No respectable person of responsibility, so far as he is known to Colonel Roosevelt and his friends, has dared to make this charge in an open and responsible way until Mr. Newett made it in his newspaper."

"On Monday, October 14, the day he was shot, Colonel Roosevelt was in Chicago, preparing to go to Milwaukee with a copy of the paper was put in his hands. Upon reading the article, Colonel Roosevelt gave directions to proceed against Mr. Newett at once."

"Colonel Roosevelt, however, in taking this action, is not seeking to recover money damages and the amount asked in the suit is therefore fixed at a nominal sum."

The statement adds that the action was begun because by the publication in question "Mr. Newett has furnished the first opportunity that Colonel Roosevelt or his friends have been able to find" for the "prompt and authoritative disproof" of the charges.

MISS SHIELDS HONORED.

Word has been received that Miss Elaine Shields, daughter of Mr. and Mrs. J. C. Shields of Phoenix, has been chosen secretary of the senior class of the University of Michigan. There were three nominations for this office, but Miss Shields' election was by a big majority. Miss Shields is a graduate of the Hancock high school.

Minnesota has land enough in wild state to provide 165,000 new farms of 160 acres each.

PLAN WIND UP OF CAMPAIGN

Result of Election Is Awaited With Indifference

Washington, D. C., Oct. 25.—The week will see the close of the presidential and state political campaigns. All parties are preparing for the customary "whirlwind" finish, although doubt is expressed in well-informed quarters whether the heaviest oratorical guns that can be brought into action will be effective in dispelling the pall of indifference with which the nation's financial and business interests, and to a great extent the public at large, appear to await the outcome of the election on November 5.

Colonel Roosevelt expects to be able to attend the final campaign rallies of his party in New York city. Governor Wilson has several speeches booked for the week and Governor Marshall will be heard in several of the western states, winding up in Chicago the Saturday night before election.

President Taft has accepted an invitation to speak at the dedication of a statue of Washington in Newark, N. J., on Saturday. From Newark it is probable the president will go direct to Cincinnati to vote at the election.

TO EXPOSE SOCIALISM.

David Goldstein to Lecture at Theater Tomorrow Afternoon.

"Socialism—Its Relation to Religion and the Family" is the subject of a lecture to be given at the Calumet theater tomorrow afternoon at 3 o'clock by David Goldstein of New York, who comes to Calumet under the auspices of local people who are interested. Mr. Goldstein was once high in the councils of the Socialist party and is particularly well versed in his subject. His lecture is principally an expose of this party. The newly organized male choir of the Sacred Heart church will be present and render several selections prepared especially under the direction of Prof. August Espey, and the boys' orchestra of the Sacred Heart will render some selections.

Mr. Goldstein is the author of the work known as "Socialism—The Nation of Fatherless Children" which is considered authoritative. Of it, Samuel Gompers, the well known labor leader says:

"I beg to say that I have read with keenest interest your book on 'Socialism, The Nation of Fatherless Children,' and have no hesitancy in saying that the book is not only timely, but an excellent contribution to the literature on the labor question and the labor movement. It tears the mask of hypocrisy from the face of those who have long pretended to be friends of the trade union movement, and yet seek its destruction or diversion to an improper purpose. I have found your book a ready reference to the many hostile utterances and actions of pretended friends."

With kindest regards and best wishes, I am

Fraternally yours,

(Signed) Sam L. Gompers.

President

American Federation of Labor.

Since it was announced that Mr. Goldstein would talk in Calumet, considerable literature has been circulated to the effect that he has declined to meet in debate, Editor A. M. Simons of the "Coming Nation," also other statements intended to counteract the effect of his visit. Mr. Goldstein stated that he had accepted Simons' challenge, when the challenge was made and suggested the following as the subject to be debated, "The Teachings of the Catholic Church on Religion and the Family Versus that of the Socialist Party," the standards of opposing judgment to be the literature officially circulated by the church and the Socialist movement.

Mr. Simons rejected this subject and it has since been submitted to Eugene V. Debs, the standard bearer of the Socialist party in the present campaign. Mr. Goldstein, in accepting the challenge of Mr. Simons also expressed

AVIATOR MAKES NEW FLIGHT RECORD, TAKING UP FIVE PASSENGERS.

Joliet, Ill., Oct. 26.—Friends of Aviator Dougherty today claimed a new passenger carrying record for him. Using a large biplane yesterday, Dougherty took up five passengers and made a successful flight at Joliet, Ill. A second flight was made with three passengers. These feats are said to constitute a record for the United States at least.

READY FOR BIG BALLOON RACE

Ten Nations Represented in Event Starting Tomorrow

Stuttgart, Oct. 26.—Everything is in readiness for the great international balloon race for the James Gordon Bennett Trophy, which will start from here tomorrow, and in which ten nations will be represented by twenty-three contestants. Today all who are interested in aeronautics or any branch of aerial navigation are eagerly awaiting the signal which will announce the starting of the first starter in the race. The other entries will follow at ten-minute intervals.

No balloon race that has ever been held has given promise of the success that is predicted for this year's international contest. In the number of nations represented it eclipses the previous contests held in Paris, St. Louis, Berlin and Kansas City. The race will also establish a new record in regards to the size and power of the craft which will compete.

Besides the Bennett Cup, now held by Germany, as a result of her victory at Kansas City last year, the winners of the race will receive several other handsome trophies and liberal cash prizes. The city of Stuttgart will distribute cash prizes amounting to 30,000 marks among the seven contestants making the best records in the race. Each of the contestants will in addition receive a valuable trophy.

The United States has three entries in the contest. They are the balloons Kansas City II, and Uncle Sam, both of which will fly the colors of the Kansas City Aero Club, and the balloon Million Population Club of St. Louis.

Germany, Belgium, France, Austria and Switzerland have entered three balloons each, Italy two, and Denmark, England and Russia one each.

GREEKS LEAVE FOR THE FRONT

Party of Five to Go From Calumet Monday Night

The Greeks of the copper country are to take an active part in the Balkan-Turkish war. A party consisting of Haralambos Veronikes, Spiro Argiros, Andrew Grammas, Gust Creticos and Potios Protogiere, will leave Calumet Monday for Chicago, where they will join a company of fifty men being organized to return to the land of their nativity to represent their country on the battlefield. The company will sail from New York on the Macedonia and will go direct to the western shore of Greece, where no difficulty is anticipated in landing because of the fact that the war is centered on the eastern side and hostilities have not yet been marked on the western shore.

The local men have had considerable military training and are prepared to take the field.

It is expected other local Greeks will follow in a few days as intense interest has been noted among the Greeks of the copper country, all of whom seem willing to bear arms in the war, provided they can arrange their business affairs here.

FINED \$25 FOR SLANDER.

Samuel Pajnovich was arrested and brought before Justice William Fisher this morning, charged with slander, the complaint having been issued on behalf of Basil Kozoschich, who alleged that Pajnovich had spoken lightly and disparagingly of the good name of his wife. At first a plea of not guilty was entered but later it was changed to a plea of guilty and the defendant was fined \$25 and costs, which he paid.

SILVER ANNIVERSARY.

Mr. and Mrs. James Sharp of Rockland St. last evening celebrated their silver wedding anniversary. Mr. and Mrs. Sharp were married twenty-five years ago today in Calumet. Last evening's gathering was an informal one, only relatives being present.

A willingness to meet Eugene V. Debs, Victor Berger or any other member of the Socialist party might name to represent it in such a debate.

ALLIES HAVE BEST OF THE WAR SO FAR

However, Fighting Has Been of Hardest Kind and Casualties Are Heavy

BULGARIANS AT ADRIANOPLE

Are Perfecting Their Line of Investment Around That Fortified City

PERILOUS MOVE UNDERTAKEN

London, Oct. 26.—The Balkan allies, up to the present, have had all the best of the fighting in their war against the Turks as far as can be gathered from official reports, the majority of which are from Balkan sources. According to these they are pushing their advantage in every direction.

The Bulgarians are perfecting their lines of investment around the fortified city of Adrianople. At the same time the Bulgarian eastern army is moving to the southeast along the Bosphorus road toward Bunarhisar. One brigade is reported to have reached the city of Viza, whence it may threaten the Turkish second line of defense at Lule Burgas and also communications between Adrianople and Constantinople. Military men here consider this movement of the Bulgarians a daring and perilous adventure, leaving opportunities for counter-strokes, which the Turkish generals are not likely to overlook.

A dispatch from Stara Zagora today places the number of Turkish prisoners taken by the Bulgarians at Kirk-Kilisli at 2,600, excluding deserters. The wounded are reported suffering terribly, owing to lack of surgical appliances and incomplete equipment of field hospitals. The fighting in the western war area is of the hardest kind and the losses sustained by both armies have been enormous.

Servians Win at Heavy Cost.
London, Oct. 26.—The Turkish troops were the first to take the offensive in the desperate battle which ended in the fall of the town of Kumanova into the hands of the Servians troops, and opened the way for a further advance to Ukip. The Servian legation in London has received an official account of the fighting, from which it appears the Servians succeeded in slaying the Turkish onslaught. When the battle was resumed the next day the Servians took the offensive. They stormed the Turkish trenches again and again, until finally, at the point of the bayonet, drove out the Ottoman troops.

During the fighting Servian artillery annihilated three squadrons of Turkish cavalry. The Turkish losses are said to number five thousand killed and wounded, while twelve field guns were captured. The Servian casualties also were heavy. They lost many officers.

The Servian advance guard is now before Uskup, according to report. At the town of Novibazar there also was a brisk battle. After the town was taken the Turks attempted to retake it, but were repulsed and virtually annihilated.

Bulgarians Make Progress.
Sofia, Oct. 25.—A portion of the town of Adrianople has been fired by the Bulgarian artillery, according to private dispatches. The Bulgarians have taken three outlying forts and the railroad station on the outskirts of the town. Eighteen hundred have been taken prisoners. The Bulgarians are reported advancing along the whole front. A dispatch to the government from Sofia says:

"The Turks are retreating in panic, while the civilians are fleeing toward Constantinople."

Constantinople, Oct. 25.—Strong columns of Bulgarians have been observed in front of the defenses at Adrianople. The exodus of civilians continues. The Turkish council of ministers yesterday discussed the question of possible intervention by the powers, and decided not to entertain any such proposal at the present moment. The appointment of Hussian Hilm as ambassador to Austria-Hungary is taken to indicate Turkey is trying to secure the support of Austria-Hungary.

Montenegrins Near Scutari.
London, Oct. 25.—The Montenegrin army is reported to have occupied Koplik, near Tarakosch, from which position artillery can be trained on the forts of the Turkish city of Scutari.
